

LEGATUS

MAGNETIC 48V TRACK SYSTEM

LEGATUS

Magnetic 48V Track System

is a new flexible system to design lighting concept. Can be installed recessed, ceiling or suspended. Extruded Aluminium TrackLights and linear light System, equipped with latest LED technology connects and powers its LED luminaires via a magnetic core.

48V low voltage track system with magnetic fixation, equipped with dimming function of DALI, as well as ON/OFF.

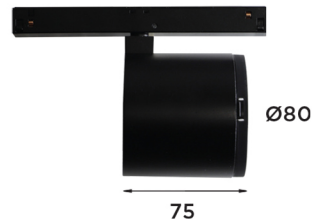

With the magnetic fixation, all modules can be installed, repositioned and switched in the profile easily, without the need of any tools.

Different types of connection modules and luminaires which provide maximum flexibility in projects that run along walls, ceilings, or a combination of both. Creativity should not be limited through situations. BRIGHT configures your lighting solution exactly to your needs and wishes.

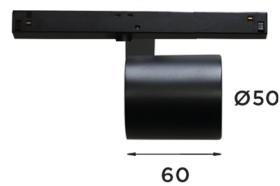

2700K - 3000K - 4000K

LEGATUS SPOT 80

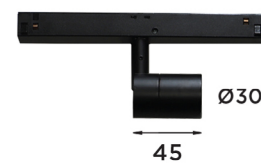

■ **H.P. LED**
7.5W - 1075Lm

LEGATUS SPOT 50

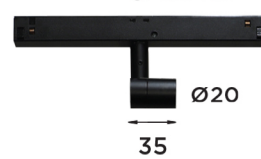

■ **H.P. LED**
4.5W - 645Lm

LEGATUS SPOT 25

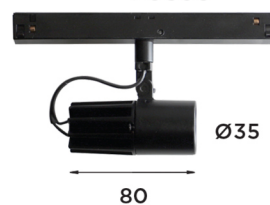

■ **COB LED**
3.5W - 600Lm

LEGATUS SPOT 20

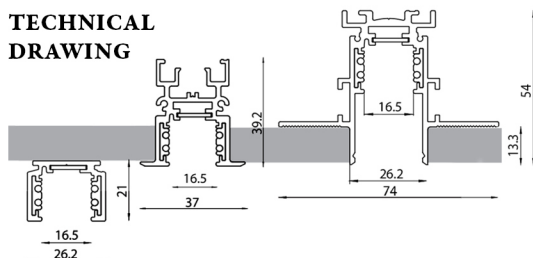

■ **H.P. LED**
1.5W - 215Lm

LEGATUS FUSUS

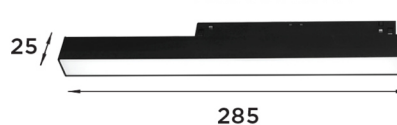

■ **COB LED**
5W - 800Lm
