

THE SCHOOL OF ATHENS

THE SCHOOL OF ATHENS AT THE NATIONAL PAVILION OF GREECE EXPLORES THE IMPORTANCE OF THE ACADEMIC COMMONS FROM PLATO'S ACADEMY TO CONTEMPORARY UNIVERSITY DESIGNS.

LA BIENNALE DI VENEZIA

Bright Special Lighting SA. was an active sponsor of the Greek Pavilion at the 16th La Biennale di Venezia of Architecture, which run from May to November of 2018. Under the title "The School of Athens," with curators Mrs Christina Argyriou and Mr Ryan Neiheiser, the Greek Pavilion examined the architecture of the academic common spaces - from the Platon Academy up to modern university projects. Bright Special Lighting SA. made the lighting study of the stand and provided the new LED lighting fixtures, highlighting the exhibits and the whole stand.

NINIOS S SP made by extruded opal polycarbonate material up to 1400mm long equipped with led strip it is a unique product for lighting suppliers, creative lighting installations, architects and lighting specifiers. Modern lighting design needs maximum flexibility. Good thermal management of LED fixtures ensures long life, low operating cost and high performance. The tubular design invites you to play and put your own mark on a project. Can be specified with CASAMBI to increase user control.

BENAKI MUSEUM ATHENS

BRIGHT Special Lighting also sponsors this year's exhibition The Athens School - Venice Architecture Biennale 2018, which was inaugurated at the Benaki Museum in Athens - Greece, and will run from February to May 2020. The light fixtures selected were specially designed to better display the exhibits. Curated by NEIHEISER ARGYROS, The School of Athens at the Benaki Museum continues and expands the research exhibited at the

Greek National Pavilion at the 2018 Venice Architecture Biennale and forms a collaboration between students of the National Technical University in Athens (NTUA) and the Architectural Association (AA) in London.
