⊕ outdoor/ architectural lighting

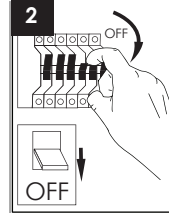

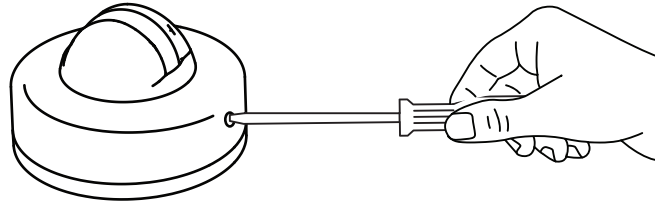

lighting effect

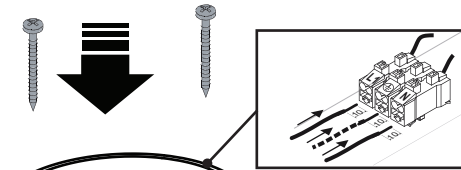

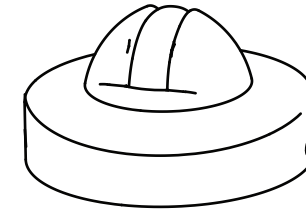

1 Installation

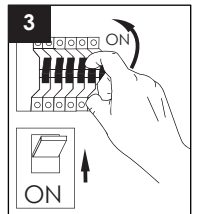

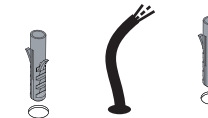

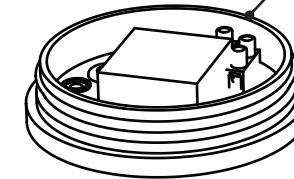

Unscrew the (2) base screws and remove the base.

Fit the base of the fixture on the installation surface.
Screw the base fixture on the surface.

Make wiring connections.
Then, fit the fixture

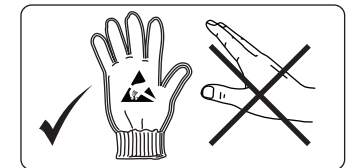

USER INSTRUCTIONS

- The installation of the unit must be done by a qualified electrician.
- The unit must be earthed in case an earth connecting point exists.
- Ensure that the mains is switched off during servicing.
- Do not use bulb(s) bigger than the indicated on units name-plate or packaging.
- Ensure that after the installation, the unit is properly fixed and the cable clamps (if exist) are well tightened.
- Manufacturer will not accept liability for injury or damage resulting from incorrect use or installation
- The unit is not intended to operate in loop connection.
- Wall plugs and terminals are not included.
- LED modules are replaced only by the manufacturer.

CAUTION

Wear anti-static gloves before you touch LED systems
